are tax-deductible less the value of any prize
received.**

**We are RSVP...
Serving the Community since 1972**

In 2020, despite the COVID-19 pandemic, 1,167 RSVP and FGP volunteers served 120,620 hours helping children, families, and older adults in Dane County. The senior population and its needs (including the risk of social isolation) are growing. At RSVP, we ease lonely feelings by connecting our volunteers with people in need in our community. We hope we can count on your financial support which is essential to the success of RSVP.

"As we age, opportunities diminish. Volunteering provides a purpose and commitment, therefore extending our values and purpose in life. It gives me direction and desire and fills in those gaps of loneliness." ...RSVP volunteer
