## Triad Introduces Senior Planet Tech Skills Classes!

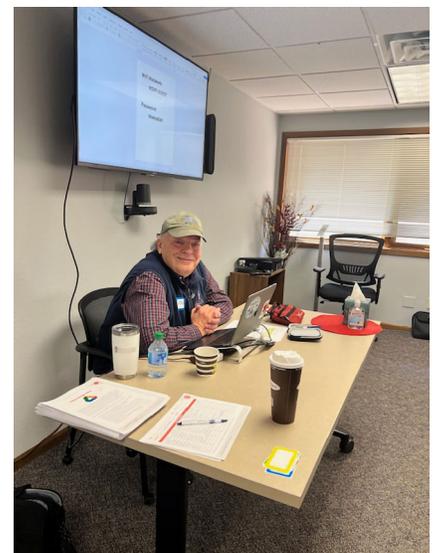

*by Mike Thomsen, Triad Program Coordinator*

**BIG NEWS!** We have begun holding Senior Planet tech skills classes for older adults. Senior Planet from AARP is a nonprofit organization that brings older adults together to help seniors learn new skills, save money, exercise, make new friends, and so much more through the SeniorPlanet.org website and in-person classes, such as those we have begun at the RSVP office. If you enjoy participating online, take advantage of everything on the website. But if you prefer in-person classes, join us at the RSVP office.

So far, we have held three two-and-a-half-hour classes on online security and privacy; smartphone basics; and using cloud storage tools, such as Google Drive and Microsoft OneDrive. The classes have eight to ten participants in addition to the two or three trainers who lead the classes and help participants with their questions and practice activities. These learning opportunities are also a chance to socialize a bit and make new friends. We begin with coffee, tea, donuts, and conversation and finish up with a light lunch and more time to get to know the other participants.

We hope to offer a class every week and eventually to offer classes at locations such as senior centers. But this all depends on our ability to recruit volunteers to take the Senior Planet “Train the Trainer” training and become Senior Planet Trainers. You don’t have to be a computer nerd to volunteer to be a Senior Planet Trainer. If you feel reasonably comfortable using a computer, a smartphone, and the Internet, and if you would like to give back to the community by helping older adults improve their tech skills, please consider volunteering. Email Mike at [mthomsen@rsvpdane.org](mailto:mthomsen@rsvpdane.org) to learn more. We Need You!

## RSVP Board Notes

Welcome to Spring! I hope you have an opportunity to get out in the warmer weather.

It is with a heavy heart that I share the passing of Richard Hoffman, a longtime Board Member. Richard was President of the Board before my term began. He was a warm and caring individual, as well as extremely knowledgeable. He was Chairman of the Board’s Grants Committee and was an integral part of our Covid-19 Policy Group. Richard was very active in the Stoughton Community and oversaw our RSVP Drivers’ Services Program for the Stoughton area. Richard will be very much missed.

The Board did not meet in February due to scheduling conflicts; however, the various Committees did meet. Notably, the Finance Committee met to discuss the budget for this year.

The Development and Grants Committees have merged. A calendar of grant due dates was developed. If you know of any grants which meet our Mission, please let Diana Jost know at [djost@rsvpdane.org](mailto:djost@rsvpdane.org). If you are interested in writing grants, please also contact Diana Jost.

The Marketing Committee met to discuss how to increase RSVP’s footprint. The Madison Metro bus wraparounds were a success, bringing in several new volunteer drivers. This year marks the 50th Anniversary of Drivers' Services. The next Board Meeting is scheduled for Monday, April 21st, at 1:30 p.m.

On Wednesday, April 23<sup>rd</sup>, 2025, RSVP will host an Open House between the hours of 1:00 and 3:00 p.m. at our office at 6501 Watts Road, Suite 250. Many Staff and Board Members will be present to answer questions and offer conversation. We hope to see you then.

## Survey Says.....

Each year, RSVP sends a survey to all volunteers to ensure they enjoy their assignment, feel like they are making a difference in their community, and feel productive and appreciated. We also ask if volunteering helps them feel more connected to the community, and less isolated; if volunteering helps them feel more active, and healthy; and if volunteering helps give

them a more positive outlook.

This year, about 350 people responded to the survey.

- 94% reported that they felt their volunteer work helps meet important community needs.
- 95% reported feeling appreciated, and 94% felt productive in their volunteer role.
- 91% reported that they feel volunteering helps

keep them healthy and active.

- 93% reported that they feel volunteering gives them a more positive outlook.
- 86% reported that their volunteer experience helps them stay more connected to the community and feel less isolated and alone.

Research shows that social isolation leads to poor health, increased risk of mortality, and other

negative outcomes. RSVP volunteers, through their dedicated service, stay connected to each other and their community,

## Meet Volunteer Jan Stuebinger

*By Julia Pierstorff, Group Projects Program Coordinator*

**M**y friends think I have thread in place of blood! My name is Jan Stuebinger, and I am a dedicated longarm quilter as well as a member of the RSVP team.

My career as a home economist has included serving as the department chair of the textile department and teacher at Waukesha County Technical Institute and department chair of Family and Careers at Mukwonago High School.

Since retirement I have created quilts for the Women's Community Center in Wausau, Help in Door County, GSafe, and RSVP. And, of course, my family has multiple quilts!

I was told about RSVP by the owner of Blue Bar Quilts. Gayle suggested I give RSVP a call. Since then, I have created numerous twin size quilts with a creative assist from my husband, Lowell. He is a retired engineer who masters the computer creating quilting patterns. He also cuts fabric with the rotary cutter thus allowing me more time to piece.

Creating and donating those twin size quilts for children and adults is my pleasure. There are so many in need of help. This is my way of keeping a few warm and aware people care.

reducing the risk of social isolation for themselves while improving the lives of those they serve.

Over 50% of our volunteers join because they learn about our programs through friends, neighbors, or relatives. Please help us reach as many people as possible by sharing what you do and emphasizing the importance of your volunteer efforts. We all need to feel appreciated, productive, and connected to our community!

## Remembering Dick Hoffman

**D**ick Hoffman dedicated over 17 years of service as a volunteer with RSVP of Dane County, making significant contributions in a variety of roles. He shared his vast business expertise as a member of the RSVP Board of Directors and as Board President. Dick also served on the Finance, Grant, Executive, and Personnel Committees. When the Covid-19 pandemic hit, he stepped up to lead the Covid-19 Committee, ensuring the organization adapted to new challenges. Additionally, Dick served as the Driver Escort Coordinator in Stoughton and volunteered as a VHV driver. He consistently served in a supportive role, always going above and beyond to demonstrate his unwavering dedication to service. He was passionate about helping others and made a lasting impact through his actions and support. Throughout his time with RSVP, Dick contributed an impressive 6,721.5 hours of service.

We are grateful for all of Dick's leadership and service. He will always be remembered and honored in memoriam, 2025.

## Can You Help? Driver Services Volunteers Needed!

*by Camela King, Driver Services Program Coordinator*

**R**SVP's Driver Services program needs you -- now!

The number of new passengers flooding into RSVP's Driver Services program is wildly outpacing the number of new drivers we have signing up to help.

Seniors in your community face challenges in getting meals and access to healthcare visits due to limited mobility and lack of public transportation. **Can you help?**

If you've got a car and some free time, **yes, you can**, and we should talk!

### Why Volunteer?

- **Make a Difference:** Help seniors maintain their independence and health by ensuring they receive the nutrition and medical care they need.
- **Flexible Scheduling:** You can choose your availability, whether it's a few hours a week or a few times a month.
- **Mileage Reimbursement:** 70 cents per mile!
- **Meet Wonderful People:** You'll be surprised by the friendships you'll form.

### Interested?

If you're interested in becoming a volunteer driver, please reach out to:

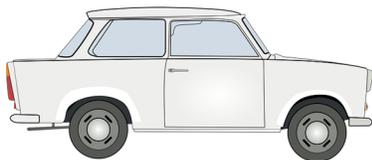

Steve Jaeschke, Driver Services Manager, 608.441.7892  
Camela King, Driver Services Coordinator, 608.441.7896.

## WELCOME New Volunteers

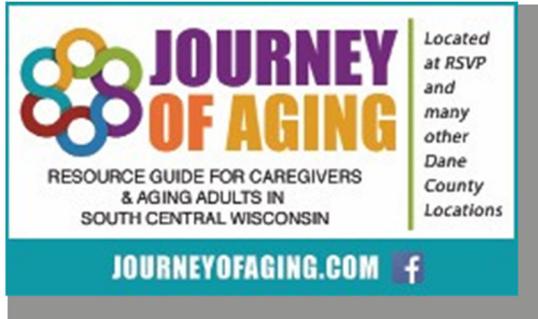

We enrolled new volunteers from January 2025 through March 2025, serving in a wide variety of assignments throughout Dane County. Do you know someone who might like to volunteer? RSVP volunteers are our best recruiters as they spread the word about why they like volunteering and the need for more volunteers. Please pass this newsletter on to a friend or neighbor and tell them what RSVP means to you!

*(continued on page 18)*

(continued from page 17)

## Update on the Foster Grandparent Program

By Paula Reif, RSVP Foster Grandparent Program Coordinator

The Foster Grandparents learned about the treasure trove of services, support, and enrichment opportunities offered to older adults by the Goodman Community Center at their in-service training held on February 21st. Gayle Laszewski, Assistant Director of Older Adult Programs at Goodman, provided an overview of these programs and services and took the Foster Grandparents on a tour of the Center. Everyone enjoyed a great meal prepared by the Goodman congregate meal staff. To learn more about the Goodman Community Center and all it has to offer, visit their website <https://www.goodmancenter.org/> or contact Gayle at 608.204.8032 for more information.

With heavy hearts we share news of the sudden passing of Foster Grandparent Ken Alexander April 6. Ken faithfully served as a Foster Grandparent since 2011, and was passionate about supporting the students at Hawthorne Elementary school. He dedicated many volunteer hours each year tending the school garden, offering families connected with the school a place to grow fresh food. Ken is remembered fondly by school staff and students, fellow Foster Grandparents, and the RSVP staff.
