

A.I. and Consumer Protection

Ben Merens
Bureau of Consumer Protection
Wednesday, July 15, 10:00 AM

Join Ben Merens for a brief history of Artificial Intelligence (AI) leading up to today's complex Large Language Models (LLMs). The presentation will explore the pros and cons of AI and how this developing technology impacts consumers. The presentation will cover modern threats: how generative AI empowers scammers to with deepfake videos, convincing phishing scams, and more. Attendees will be better equipped to navigate an AI powered world with caution and curiosity.
